SAMIs: SCIENCE, ART, AND MUSIC INTENSIVE PROGRAMS:

Thanks to the generosity of our donors and the community, we are now able to offer over 50 SAMI Programs at elementary and middle schools throughout the county, in addition to over 200 public mentor programs each year.

Effective Education for our Children takes resources: It takes \$200,000 to coordinate and run our SAMI Programs (Science, Art, and Music Intensives) and over \$35,000 to coordinate three annual countywide Academic Events. Grant Money and Registration covers only a portion of these costs for deeply discounted programs at Title I Schools

- *We are in need of \$46,000 for our 2006-2007 School Year. That's \$1,000 for every year of service that we've provided to children throughout Monterey County.*

TODAY, we urge you to MAKE A DONATION that will help us continue to offer the kinds of after-school programs and academic events that INSPIRE A LIFE-LONG LOVE OF LEARNING in our local children.

**WE REALLY NEED YOUR FINANCIAL ASSISTANCE TODAY
– EVERY DOLLAR SUPPORTS LOCAL CHILDREN!**

The Lyceum of Monterey County has helped local students receive a well-rounded, complete education throughout Monterey County for over 46 years and our goal is to continue this support for generations to come.

Please join us today and be part of the inspiration.

Sincerely,

Adrienne Meckel, Ph.D.

P.S. Every \$20, \$50, or \$100 will buy a partial or full scholarship for ONE LOCAL STUDENT to participate in a multi-session ART, SCIENCE, or MUSIC Program offered on the Peninsula, in Salinas, and in South County!
